2. Pricing (Please circle package)

All are packages include:

- Consulting session to discuss your style preference and to discuss videoing details of your wedding and reception. At this time we complete a wedding contract. We gather all the information that GMP needs. Please allow 2 hours or less for this time. We will schedule this with the Bride, Groom, wedding consultant and parents. Communication information (email, phone numbers, etc) are exchanged so that we can assure that both parties can make this the best experience for you.
- Attendance at your wedding rehearsal (optional)
- 3-Chip digital cameras insure your video is captured flawlessly in perfect color and sharp focus.
- Wireless microphones (usually the groom and officiates to capture vows clearly).
- Highlight segment of the ceremony. The most important shots are edited into an abbreviated form and set to music.
- Professionally edited DVDs with customized menus and chapters

Payment methods

We accept money order, cashiers check, personal checks and we also have the ability to pay by credit card thru our PayPal account for GMProductions. On the weddings page that explains our prices, beside each package you can click the “Pay” button to make a credit card payment for the deposit for that package.

We will electronically invoice you (using email with a link to make a payment) for the pre-wedding payment amount (25%) (usually due 4 weeks before the wedding) and the final amount due when your DVD is finished and we have shipped it to you.

6. Terms and Conditions (*GMP refers to GM Productions*)

Payments - Deposit fee is applied to the total balance and is due upon signing this contract. Contract is null and void if reservation fee is not paid or returned unpaid. 25% of the final amount that is due is required 4 weeks before the wedding. The remaining amount will be due upon delivery of the final product. GMP reserves the right to cancel this contract and not provide wedding coverage if payments are not made on time.

Exclusive Rights – It is understood that GMP is the exclusive official videographer retained to perform the services detailed in this contract.

Copyrights – GMP reserves the right to use the products, images, video and audio and any variations of those described in this contract for any purpose it desires including promotional display, publication or reproduction in any form it desires. The video is strictly produced for the client's private home use only. Client assumes all liability for any form of copyright infringement.

Production/Editorial Control – Client grants GMP full production and editorial control regarding all aspects of this production. In the case a particular segment of the event is either not recorded, partially recorded or not part of the final edited product, it is at the discretion of GMP. Any “special” events during the ceremony or reception must be brought to the attention of GMP prior to the event.

Coverage – GMP will begin coverage at the arrival time specified in this contract and will end eight hours after that time or when the videographer determines that applicable events have concluded. Should events continue past six hours, additional coverage time may be requested by client at the time of the wedding at a cost of \$100/hr. which will be due prior to delivery of the final product. We do not ask for a courtesy meal for videographers but may take up to ½ hour for a meal at an opportune time during the reception.

Other videographers may not use lights or wireless microphones without GMP's consent, and may not interfere with GMP personnel and will be instructed by client not to be in GMP's camera(s) view.

Please inform photographer that a videographer will be present. It is the client's responsibility to negotiate any conflicts between this contract, and that of the photographer's.

Access/permission - It is the sole responsibility of the client to secure permission of the church, synagogue, or other site officials to film the ceremony and negotiate any modifications to their regulations. GMP will abide by the site's rules

regarding camera placement at the ceremony. Denial of access to GMP by location staff or administration does not constitute grounds for a refund, and may affect the overall quality of the finished video. The client must provide GMP the wedding guidelines of the location. GMP is not responsible for failure to cover wedding events not mentioned in the contract form.

GMP requests that the bridal party arrange complete access for the videography crew to the ceremony location (ex. church) 2 1/2 hrs in advance of the ceremony to allow for ample set up time. Failure to do so might compromise the quality of the video. GMP is not responsible for compromises in the quality of the video due to a lack of the requested set up time.

Announcement – GMP request the Bride and Groom to include in their newspaper/other media wedding announcement: “**GM Productions of Charleston WV was the wedding videographer**”.

Cell phones/pagers – Due to the RF and IR signal broadcasts from cell phones, pagers and PDA smart phones, to ensure that the signal is not captured on sensitive audio and video equipment during filming, we respectfully ask that you note in your ceremony program/bulletin that any of these devices be turned off for the ceremony. GMP will make all effort to “edit out” any stray signals but cannot guarantee that it can be done.

Accommodations – GMP will require client to pay for moderate accommodating overnight lodging if the location of the wedding requires GMP to travel more than 40 miles from Charleston WV. Client will reserve overnight accommodations for each separate GMP videographer/employee and a guest of each employee. Should the wedding location be more than 50 miles from Charleston, WV, client will pay for travel expenses including gasoline and meals per videographer. If more than 200 miles from Charleston WV, client will pay for public transportation (airfare) for all videographer employees.

Restrictions – Client is aware that restrictions imposed by others (e.g. photographer, church, reception hall, guests etc.) and the constraints of the physical environment, safety, weather and acts of GOD can affect the quality and extent of video coverage possible. Client is responsible for obtaining all permissions and clearances etc. and adequate shelter from inclement weather and extreme temperatures as required for GMP to operate. Client warrants that he/she has the legal rights to anything GMP will videotape or any materials provided including photos and music as part of the production described in this contract.

Warranties - GMP makes no warranties expressed or implied as to the production detailed in this contract.

Cancellations - In the event of a cancellation of this contract by client, client agrees that all fees already paid to GMP at the time of cancellation date will be forfeited. In the event of a postponement, the fees paid may be used for any future event up to one year past the original date specified in this contract providing GMP has no other obligations for the future date. After that time, all fees will be forfeited to GMP.

Payment – Deposit as stated per package is required to secure a date. A 6% West Virginia Tax will be added to Packages and Additional Options. The balance of the account is due after the final product is delivered. We accept online payments thru our electronic payment invoice using Paypal.

DVD Compatibility – GMP makes no guarantees as to the compatibility of the DVD's produced and the clients DVD player. DVD's used are DVD-R format and are compatible with most home DVD players. Progressive scan DVD players are recommended. A reminder that the DVD players must be of good working order, no dirty heads. Freeze (lag time) in players may cause DVD videos to hang or seem to freeze, be sure that your player is in good working order.

Liability – GMP takes great pride in its work. However, in the event that GMP fails to comply with the agreements made in this contract, GMP's liability is limited to any amount paid. GMP reserves the right to cancel or modify any portion of this contract without nullifying the remainder of the contract.

Delivery of Final Product – Client will be notified immediately when the final product is ready. Normal editing and completion times are 4-6 weeks but can be affected by options selected and complexity of the wedding. During the peak wedding season, it can take up to 6-9 weeks for DVD completion due to heavy volume of editing that is required for prior wedding projects. Final product can be picked up, delivered or mailed when finished after the final payment is made. Additional DVD copies can be purchased anytime after the wedding up to 6 month after your DVD has been sent.

Quality - GMP will take paramount concern to produce a finished product of excellent quality and makes no guarantees, neither expressed nor implied, in regard to aesthetic qualities of the completed project. Your satisfaction is our primary goal. By signing, you, the client(s), acknowledge that the finished product is a creative work, and as such, reasonable artistic discretion will be used in the filming and editing of the resulting video. Client requested changes to the finished product may, at the discretion of the GMP, result in additional charges not included in this contract.

Changes - All parties agree that any changes to this contract must be in writing.

I have read and understand the terms and conditions specified in this contract and agree to such.
